2012 Chicago Five Star Wealth Managers

A Select AWARD

The 2012 Five Star Wealth Managers are a select group, representing less than 3 percent of the wealth managers in the Chicago area.⁽¹⁾

Although this list is a useful tool for anyone looking for help in managing their financial world or implementing aspects of their financial strategies, it should not be considered exhaustive. Undoubtedly, there are many excellent wealth managers who, for one reason or another, are not on this year's list.

Award CANDIDATES

In order to consider a broad population of high-quality wealth managers, award candidates are identified by one of three sources: firm nomination, peer nomination or pre-qualification based on industry standing. Self-nominations are not accepted. Chicago award candidates were identified using internal and external research data, including a survey to more than 11,800 registered financial services professionals and all identified financial service companies in the area that are registered with FINRA or the SEC.

Determination OF AWARD WINNERS

Award candidates who satisfied 10 objective eligibility and evaluation criteria that are associated with wealth managers who provide quality services were named 2012 Five Star Wealth Managers.⁽²⁾

Eligibility Criteria - Required⁽³⁾

1. Credentialed as an investment advisory representative (IAR), a FINRA-registered representative, a CPA or a licensed attorney.
2. Actively employed as a credentialed professional in the financial services industry for a minimum of five years.
3. Favorable regulatory and complaint history review.⁽⁴⁾
4. Fulfilled their firm review based on internal firm standards.
5. Accepting new clients.

Evaluation Criteria - Considered⁽⁵⁾

6. One-year client retention rate (the average one-year client retention rate of this year's award winners is more than 96 percent).
7. Five-year client retention rate.
8. Non-institutional discretionary and/or non-discretionary client assets administered (this year's award winners administer an average of \$110 million in client assets).
9. Number of client households served (on average, this year's award winners serve 232 households).
10. Education and professional designations.

Data submitted through these processes was applied per the above criteria:
